Panel Organizer:

Shiv Issar, Nazareth University

5. AI & Ground Truth

Panel

8:30 to 10:20 AM

Sheraton Grand, Space Tower,
Second Floor: Redwood A

Participants:

- Ground Truth, Representational Accuracy, and Data Fidelity
Dietmar Offenhuber, Northeastern University
- The Generalization of "Generalization" in Generative AI Research
Greta Timaite, University of Warwick; Michael Castelle, University of Warwick
- Synthetic Data as Proxy: the Persistent Problem of Referential Data as AI Ground Truth
Beth Coleman, University of Toronto ICCIT
- The Contemporary Crisis Around Epistemology: Between Naive Positivism and Sturdy Knowledge
Gabriella Coleman, Harvard University

6. AI Presents and Futures: the practices and the hype

Panel

8:30 to 10:20 AM

Sheraton Grand, Space Tower,
Second Floor: Cedar A

Participants:

- ML Ultra: Artificial Counterintelligence at the Interface of Black Boxes and Truth-Machines
Patrick Gamez, University of Notre Dame
- Physician-engineers: The Convergence of Clinical Care, Research, and Artificial Intelligence
Eunjeong Ma, Pohang University of Science and Technology
- Generative AI in academia: moving beyond mistrust and panic
Alexi Orchard, University of Notre Dame
- AI and medicine: physician-machine collaboration and personalized care
Amelia Herb, University of Arizona
- AI and politics of energy: interrogating the nuclear Renaissance
Anna Geltzer, University of Notre Dame

8. Caste as/of Technoscience II 1

Panel

8:30 to 10:20 AM

Sheraton Grand, Space Tower,
Second Floor: Willow B

Discussant:

Robert Evans, Cardiff University

Francis Lee, Södertörn University

Chair:

Maja Hojer Bruun, Aarhus University

Panel Organizer:

Maja Hojer Bruun, Aarhus University

Panel co-organizer:

Dorthe Kristensen, University of Southern Denmark

Reworking interdisciplinarity: A participatory roundtable on engaged social sciences in sustainability collaborations *Denia Djokic*, University of Michigan - Ann Arbor; *Bianca Vienni-Baptista*, ETH Zürich; *Laura Frye-Levine*, Massachusetts Institute of Technology

Panel co-organizer:

Laura Frye-Levine, Massachusetts Institute of Technology

Bianca Vienni-Baptista, ETH Zürich

Denia Djokic, University of Michigan - Ann Arbor

17. Feminist Technoscience: Catalyst Journal Editors on the State of the Field

Roundtable

8:30 to 10:20 AM

Sheraton Grand Seattle, Union Street Tower

Fourth Floor: Jefferson A

Participants:

Feminist Technoscience: Catalyst Journal Editors on the State of the Field *Irina Aristarkhova*, University of Michigan; *Robyn Lee*, University of Alberta

Chair:

Irina Aristarkhova, University of Michigan

18. Media/Environment: Imbrications and Reverberations 1

Panel

8:30 to 10:20 AM

Sheraton Grand Seattle, Union Street Tower

Fourth Floor: Boren

Participants:

On the making of logistical milieus *Hannah Tollefson*, University of Toronto Scarborough
Cold Media, Arctic Environments, and Archival Imaginaries *Zachary Cudney*, University of Washington
Decoupling heat and media in the data centre laboratory *Yee Win Neo*, King's College London
Invisible Wars for Development: Between Water and Digital Infrastructures *Marco Trigo*, University of Massachusetts Amherst
Vertiports, architecture as media *Simon Raby*

Panel Organizer:

Alix Johnson, Macalester College

Panel co-organizer:

Patrick Brodie, University College Dublin

19. Reworking interdisciplinarity: A participatory roundtable on engaged social sciences in sustainability collaborations

Roundtable

8:30 to 10:20 AM

Sheraton Grand Seattle, Union Street Tower

Fourth Floor: Virginia

Participants:

20. Technoscientific Reverberations: War, (in)Justice and Peacemaking. Panel convened by 4S Working Group on War & Genocide 1

Panel

8:30 to 10:20 AM

Sheraton Grand Seattle, Space Tower

Third Floor: Ballard

Participants:

Medicine Under Siege: Technoscience, Humanitarianism, and Healthcare in Gaza *Dorothea Gucciardo*, western university
AI, Sacred Violence, and War -- The Case of Gaza *Chris Gray*, UCSC
Ethnography and Militarized AI *Sophia Goodfriend*, Harvard University
Project Lavender and the automation of ethnic cleansing *Hugh Gusterson*, UBC

Panel

8:30 to 10:20 AM

Summit (Convention Center): 340-341

Participants:

How to Study Sound in Technical Society? The History and Future of Sound Studies *QIUSHI XU, Southern University of Science and Technology*

Sonic Socialism: Technopolitics in Maoist China *Yu Wang*
TURNTABLE EXPERIMENTALISM AND ECO-POLITICAL

COMMUNICATIVE PRACTICE *Max Gibson, UC Davis*

Out of Oil, Into Air: Automobiles and Musical Instruments in the Fossil Fuel Age *John Wood, University of Oregon*

Dancing with Chains: How Touch and Sound Shaped the Mechanical Keyboard Supply Chain in China
Ningxiang Sun

Panel Organizer:

QIUSHI XU, Southern University of Science and Technology

221. Echoing the voices of young researchers for more inclusive science and research 1

Panel

8:30 to 10:20 AM

Summit (Convention Center): 343

Participants:

Amplifying the Voices of Racialised Female Doctoral Candidates: Gender, Race, and Colonial Legacies in Academia *Anne-Sophie Godfroy, Ecole Normale Supérieure - PSL; Victoria Showunmi, University College London; Edna Sofia Falorca da Costa, University of Minho; Maria Angeles Blanco Ruiz, Universidad Rey Juan Carlos*

Using Feminist Science Studies to explore pathways for cultural transformation in Australian science organisations *Susan Barnes, Macquarie University*

Gender-based violence and gender inequalities at the early stages of a career *colette Guillopé, Université Paris-Est Créteil*

Chair:

Claudine Tinsman, University of Sheffield

Panel Organizer:

Anne-Sophie Godfroy, Ecole Normale Supérieure – PSL

222. Embodied Knowledge(s), Technological Distancing, and Experience.1 1

Panel

8:30 to 10:20 AM

Summit (Convention Center): 325

Participants:

Embodied Generative Taskscape: Re-Connect Cultural-Ecological Perception in 5-Animal Play *Ziru Wei, Carnegie Mellon University; Wei-Chun Cheng, Carnegie Mellon University*

A situated embodiment approach to design pedagogy
Vernelle Noel, Carnegie Mellon University

Embodied Cognition and Hand Drawing in the Digital Age
Doug Cooper, School of Architecture. Carnegie Mellon University

Embodied Entanglements: Choreographing with Deployable Structures *Virginia Melnyk, Iowa State*

Panel Organizer:

Vernelle Noel, Carnegie Mellon University

Panel co-organizer:

Tommy Yang, Carnegie Mellon University

223. Embodied vulnerabilities. An analysis of bodies as transactional agents and of the intersectionality of genders 1

Panel

Europe's biometric border regime, past and future *Vasilis Vlassis, IT University of Copenhagen*
Navigating an Inscriptive State: Understanding the Documentation and Affective Practices Among Women in Rural India *Nayana Kirasur, Rutgers School of Communication and Information*
Adjudicate and Capture: Scripting the Body through Humanitarian Biometrics *S. Freeman, University of California Berkeley*

Panel Organizer:

Diana Ruiz, University of Washington, Seattle

Panel co-organizer:

Oliver Rollins, Massachusetts Institute of Technology
Erin McElroy, UW

225. Inverting Infrastructures of Inversion 1

Panel

8:30 to 10:20 AM

Summit (Convention Center): 336

Participants:

Measuring the margins: transgender community self-surveys and data-driven advocacy Beck Corby, Rensselaer Polytechnic Institute
DIY medicine, DIY gender: Crafting the Infrastructure of Trans Identity through Self-medication in China *Tianmeng Lan, Washington University in St. Louis*
Transfeminist Pregnancy: Reproductive Speculation, Genre, and Desire *Carlo Sarrago, Yale University*
Sexual Reversion: How One Man and One Woman Save Humanity with Reproduction in the Nuclear Age *Beans Velocci, University of Pennsylvania*

Panel Organizer:

Os Keyes, University of Massachusetts

Panel co-organizer:

Beans Velocci, University of Pennsylvania

226. Just Technologies for Just Societies

Panel

8:30 to 10:20 AM

Summit (Convention Center): 338-339

Participants:

Just Healthcare Systems for Just Healthcare Improvements *Alexandra Vinson, University of Michigan*
Grassroots Repair and Techno-Social Direct Action in Shenzhen: Toward an Anarchist Movement for Just Technologies *Yifan Wang, Lingnan University; Changwen Chen, Tsinghua University*

What's Good? Towards Melioristic Solidarity in Sociotechnical Research and Interventions *Alissa Centivany, University of Western Ontario*

Panel Organizer:

Alissa Centivany, University of Western Ontario

Panel co-organizer:

joanna reddén, western university
Dorotea Gucciardo, western university

227. Making and Doing Award

Making and Doing Central Exhibition

8:30 to 10:20 AM

Summit (Convention Center): 337

Presenter:

Jim Malazita, Rensselaer Polytechnic Institute
Tania Pérez-Bustos, National University of Colombia

If it's broken, don't fix it – on the stewardship of dormant technologies *Sebastian Abrahamsson, Uppsala University*

Panel Organizer:
Katie Ulrich, Harvard University
Christy Spackman, Arizona State University
Andrea Ballesterio, University of Southern California

230. Representation, Reclamation, and Epistemological Boundaries in Scientific Narratives 1

Panel
8:30 to 10:20 AM
Summit (Convention Center): 335

Participants:
Shifting the Paradigm of Science Education and Mentoring to Improve Belonging *Andre Isaacs, College of the Holy Cross*
Querying Science Identity: Towards More Equitable Computational Pedagogies *Victoria Siaumau, UC San Diego; Kathryn Metcalf, University of California San Diego; Holly Okonkwo, UC San Diego*
Beyond Representation: Teaching Students to Engage with the "Hidden Curriculum" of Science *Monica Linden, Brown University*
Decolonizing Neuroscience by Reading Sociology in Undergraduate Neuroscience Courses *Michelle Tong, Macalester College; Christina Hughes, Macalester College*
Reclaiming the narrative - Resisting the politicization of equity in science education *Bryan Dewsbury, Florida International University*

Panel Organizer:
Alo Basu, College of the Holy Cross
Panel co-organizer:
Mays Imad, Connecticut College

231. Retooling: Change and Continuity in Turbulent Worlds 1 - Retooling Technologies

Panel
8:30 to 10:20 AM
Sheraton Grand, Space Tower,
Second Floor: Cedar B

Participants:
Batteries, Solar Panels and the Nonlinear Temporalities of the Microgrid *Joanne Nucho, University of Southern California*
Retooling Greenhouses: From colonial technology to site of capital accumulation *Aaron Zielinski, UC Berkeley*

232. Reverberations in the Archive: Epistemic Justice and the Im/possibility of Being 1: Techniques for Resisting Epistemic Injustice

Panel
8:30 to 10:20 AM
Summit (Convention Center): 334

Participants:
Reframing Design Research Repositories as Participatory Archives for Enacting Just Collaborations and Community Ownership *Ann Shivers-McNair*
Archiving the Impossible: Restorative Justice for and by Experiencers of the Anomalous *Elliott Hauser, The University of Texas at Austin*
Materiality in Caribbean Archives: Opening Conversations on Anti-Colonial Memory Work *Dharani Persaud, University of British Columbia, School of Information; Elizabeth Shaffer, University of British Columbia, School of Information*

8:30 to 10:20 AM

Sheraton Grand, Space Tower,

Second Floor: Ballroom D

Participants:

Collaborative Health Disparities Research: Engaging
Communities, Ethics, and Hierarchies of Knowledge
Joshua Liashenko, Chapman University

Grounding scientific knowledge in Indigenous
knowledge: a case of Arctic environmental data
sensing *Caitlin Wylie, University of Virginia; Hannah*
Bradley, University of Virginia

Cooperative natural resource management in a mixed
private-public wetland *Richelle Tanner, Chapman*
University; Gabrielle Keeler-May, NOAA

Cleaning Up Svalbard: An Attempt at Decolonial Theory
from the Semi-Periphery *Adam Kola, Nicolaus*
Copernicus University in Torun; Anna Kola, Nicolaus
Copernicus University in Torun

A Queer Metascience Approach to Ethnographic
Environmental Justice Research *Kyle HarpRushing,*
Chapman University

Panel Organizer:

Kyle HarpRushing, Chapman University

Panel co-organizer:

Richelle Tanner, Chapman University

Joshua Liashenko, Chapman University

413. Theorizing Stuckness in Science and Technology 1

Panel

8:30 to 10:20 AM

Summit (Convention Center): 320

Participants:

Certified Cybersecurity Experts: Assetizing Credibility in
the New Economy *Rebecca Slayton, Cornell*
University

Compartmentalizing the horizon: Ambivalence,
anticipation, and the clinical translation of genetic
risk screening *Carolina Mayes, University of*
Edinburgh

414. Threaded Panels

Threaded Keynote Panel
8:30 to 10:20 AM
Sheraton Grand, Space Tower,
Second Floor: Grand Ballroom B

415. Tracing techno-futures though time and space 1

Panel
8:30 to 10:20 AM
Summit (Convention Center): 322

Participants:

Reverberations in debates on the societal meaning of future technologies Armin Grunwald, Karlsruhe Institute of Technology
Narrating Techno-Futures Kasper Ostrowski, Aarhus University
Family Pasts and Techno-Futures: Innovation and Imaginaries in Genealogical Research Hector Carrillo, Northwestern University; Steven Epstein, Northwestern University
The role of technoscientific narratives and imaginaries in innovation and the Metaverse Rizwan Virk, Arizona State University

Panel Organizer:

Armin Grunwald, Karlsruhe Institute of Technology
Panel co-organizer:
Wenzel Mehnert, Austrian Institute of Technology
Nina Janich, TU Darmstadt
Martin Sand, TU Delft
Christopher Coenen, KIT
Alfred Nordmann, TU Darmstadt

416. Where is Decolonial STS? 1

Panel
8:30 to 10:20 AM
Sheraton Grand Seattle, Union Street Tower
Fourth Floor: Boren

Participants:

Double Colonization within Techno-environmental Research: The Role of Mediators in Racialized Knowledge Production Lida Sarafrazarpatapeh, UTSA
Non-western southern epistemology as a core pathway for pluriversal Artificial Intelligence: towards an ancestral future Beatrice Bonami, University of Edinburgh
Re-thinking large scale technological systems in the face of environmental global catastrophe José Orrantia-Cavazos, Instituto de Filosofía-Universidad Veracruzana
"Disentangling Deadly Tech Reverberations of Daily Life" Aramo Alvarez, University of California Davis; Xiu Cueva, Independent researcher

Panel Organizer:

Gabriel Medina-Kim, Rensselaer Polytechnic Institute

Panel co-organizer:

Victoria Siaumau, UC San Diego

417. Writing Things Down: Textual Technologies and their Consequences 1

Panel
8:30 to 10:20 AM
Sheraton Grand Seattle, Union Street Tower
Fourth Floor: Seneca

Participants:

A Silent Laborer in Medieval Iberian Science: The function of paper in scientific production Bosco Garcia, University of California, San Diego
Garbage Type, or the Tyranny of Dotted Circles Anushah Hossain, University of California, Berkeley
"Transparent" Listener in a Simulated Reality: An Inquiry of Usability Tests Wanqing Iris Zhou, Brandeis University

Panel Organizer:

Haley Lepp, Stanford University
Panel co-organizer:
AJ Alvero, Cornell University

418. Zine Festival

Zine Festival
8:30 to 5:30 PM
Summit (Convention Center):

421. AI and the Epistemic Essentials of Science: Ruptures and Reverberations Part 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 324

Participants:

What is Creativity? AI, the Limits of Search, and the Barrier of Meaning *Jacob Foster, Indiana University*
Automating Mixed-Agent Science: Considering Cases from Mathematics *Eamon Duede, Purdue University*
Autonomous Laboratories: Synthetic Agents and Epistemic Shifts in the Natural Sciences *Helga Knorr, University of Chicago*; *Joshua Silver, University of Chicago*

Chair:

Helga Knorr, University of Chicago

422. AI Ethics in Uncertain Times: Navigating the Dual Role of Scientists in a Polarized World 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 325

Participants:

Ethical AI Literacy and Scientific Integrity in Education *Laila Hussein Moustafa, University of Illinois - Urbana-Champaign*
"Faces of Contention: Power, Resistance, and Ethics in the Global Expansion of Facial Recognition Technologies" *Helena Machado, ISCTE-University Institute of Lisbon*
Contested Autonomy: Robotics, AI Ethics and the Limits of Governance *Lina Moe, Rutgers University*
Rethinking AI Ethics through Relational Artificial Intelligence and Ontogenesis *Jacob Vangeest, Western University*

Panel Organizer:

Yousif Hassan, University of Michigan

423. Attention, Alignment, Learning, Pattern: Reframing AI through Feminist Theory

Panel

10:40 to 12:30 PM

Summit (Convention Center): 336

Participants:

Attention, Alignment, Skew *Lauren Klein, Emory University*
Fibers of Alignment *Daniela Rosner, University of Washington*
A is for Ancestral - Learning and Intelligence *Jihan Sherman, Estelle and Boots*
Meet Me In the Soft Space Between 0 and 1: On Quilting Bees and Data Errantries *Romi Morrison, UCLA*

Chair:

Lauren Klein, Emory University

424. Critical Nuclear Studies in STS: Recent Insights and Challenges 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 333

Participants:

Free China's Nuclear Sun: Sun Kuan-Han, Techno-nationalism, and the Institute of Nuclear Science *Shyh-Tse Linus Chiou, National Yang Ming Chiao Tung University*
Theorizing nuclear gaslighting *Karly Burch, University of Auckland*
Unsettling Nuclear Social Imaginaries: Counter-Mapping and the Politics of Legibility *Emily Simmonds, Ganawishkadawe-Centre for Wise Practices in Indigenous Health, Women's College Hospital*
The greening of nuclear power: addressing the challenge of doing STS on small modular reactors *Susan Molyneux-Hodgson, University of Exeter*; *Florian Abraham, University of Exeter*
Nuclearization of States *Gyudae Kim, University of Illinois Urbana-Champaign*

Chair:

Kyoko Sato, Stanford University

Panel Organizer:

Kyoko Sato, Stanford University

Panel co-organizer:

Maxime Polleri, Université Laval

425. Data Loss Reverberations: Exploring Disappearance, Destruction and Dispossession in Digital Societies 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 334

Participants:

Data mortis and the afterlives of human rights data migration *Benedict Olgado, University of the Philippines*
Digital Echoes: Platform Migration as Recursive Community-Making in Times of Crisis *Sofia Haytin, University of Southern California*
Data loss as a form of digital inequality: reflection on ethnographic scenes from Brazilian favelas *Carolina Parreiras, University of São Paulo*
Built-in Accidents: Deletion, Necessity, and Digital Storage *Ella Klik, Bar-Ilan University*
"We do not have any of your data": GDPR Data Subject Requests and Personal Data Loss *Yarden Skop, Paderborn University*

Panel Organizer:

nanna thylstrup, University of Copenhagen

426. Disciplinary classifications and their impact on research trajectories 2

Please click link to [SUBMIT REQUEST FOR CORRECTIONS](#) before July 1, 2025

SATURDAY, SEPTEMBER, 6

Panel
10:40 to 12:30 PM
Sheraton Grand Seattle, Union Street Tower
Fourth Floor: Columbia

Panel Organizer:
Constance Poitras, Université de Montréal

427. Environmental Governance and Procedural Injustice 2

Panel
10:40 to 12:30 PM
Sheraton Grand Seattle, Space Tower
Third Floor: Ballard

Participants:

Documenting Environmental Procedural Injustice:
Archival Tactics *Tim Schütz, University of California, Irvine; Margaux Fisher, UC Irvine*
Agonistic Arrangements: Against Procedural Injustices in Environmental Governance *Akshita Sivakumar, University of California Davis*
From Lab to Ocean: Procedural (In)Justice in Testing Marine Renewable Energy Technologies in Taiwan *Yu Sang, University of Bern*
Liquid Justice: Stormwater Infrastructure and Race in Englewood, Chicago. *Maria Villalobos Hernandez, Illinois Institute of Technology; Irem Tekogul, Illinois Institute of Technology; Elyse Cooke, Illinois Institute of Technology*
Conceptualizing and Operationalizing Equity in Locally-led Adaptation: A Case from the New York City Metropolitan Area *Katherine Cann, Rutgers University*

Panel Organizer:
Kim Fortun, University of California Irvine

Law, ethics and everyday attention in total institutions – on treatment and invisible work *Lena Eriksson, University of Gothenburg*

Chair:
Megan Finn, American University - School of Communication
Panel Organizer:
María Angel, Yale University - Information Society Project (ISP)
Alexis Shore Ingber, University of Michigan - School of Information
Meg Jones, Georgetown University - Communication, Culture & Technology Program

428. Ethics and-or-versus Regulation: Technoscience policy and governance in different registers 2

Panel
10:40 to 12:30 PM
Sheraton Grand Seattle, Space Tower
First Floor: Diamond A

Participants:

Beyond Good Intentions: When Co-Regulation Succeeds (and Fails) *Inyoung Cheong, Princeton University Center for Information Technology Policy (CITP)*
A Global List of Laws and Bills on Artificial Intelligence (AI) Regulation *Onur Bakiner, Seattle University*
Recognition, regulation, and traditional medicinal knowledges: the potential of commercialising mudjala *Mardi Reardon-Smith*

429. Expertly Disillusioned: Knowledge and Practice at the Limits of Biomedicine (Institutional Workarounds)

Panel

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Aspen

Participants:

'Still Sub-Therapeutic': Ethnographic Reflections on Evidence-Based Lithium Prescribing in the UK *Arnav Sethi, University of Cambridge*

Threatened Expertise at the Intersection of Gatekeeping and Dirty Work in U.S. Outpatient Pain Management Clinics *Camille Kroll, University of North Carolina at Chapel Hill*

The Problem with the Problem List: How Clinical Documentation Promised and Failed to Make Physician's More Efficient *Anna Cole Crosbie, UC Davis*

Working Around the State: Pharmacist-Physician Collaborations in Athens, Greece *Taylor Bell, University of California-Davis*

Dementia Caregiving and the Limits of Biomedicine: Navigating Bureaucracy and Developing Expertise *Lily Shapiro, Kaiser Permanente Washington Health Research Institute; Marlaine Figueroa Gray, KPWHRI; William Bowers; Tiina Maripuu, University of Toronto; Jenna Peterson, University of Toronto; Kelly Ehrlich, Kaiser Permanente Washington Health Research Institute; Sundary Sankaran, Kaiser Permanente Washington Health Research Institute; Robert Penfold, Kaiser Permanente Washington Health Research Institute; Paul Crane, University of Washington School of Medicine; Janelle Taylor, University of Toronto*

Panel Organizer:

Taylor Bell, University of California-Davis

Panel co-organizer:

Mel Salm, UNC Chapel Hill

Participants:

Archival Reverberations: Strategies for Addressing the Burden of Presence in Impact Engagements *Juana Becerra, IBM Research; Felicia Jing, Johns Hopkins University*

Just Transitions at the Crossroads: Agricultural AI and Migrant Worker Futures *Olivia Doggett, Faculty of Information University of Toronto*

Politics of Non-Use: Co-designing AI Non-use Toolkits with Creative Professionals *Inha Cha, Georgia Institute of Technology; Richmond Wong, Georgia Institute of Technology*

Rethinking AI Explainability from the Perspective of Women Gig Workers in India *Isha Bhallamudi, Stanford University*

Learning from wicked problems to shape an inclusive, adaptive framework for ensuring fairness in AI *Swaptik Chowdhury, Pardee RAND Graduate School, Los Angeles, USA; Lisa Klautzer, TEZO Analytics LLC*

Chair:

Meg Young, Data & Society Research Institute

Panel Organizer:

Ranjit Singh, Data & Society Research Institute

Panel co-organizer:

Jacob Metcalf, Data & Society Research Institute

430. Generative AI and the Digital Vanguard: Exploring Daily Transformations in Creative Work 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 338-339

Panel Organizer:

Martin Berg, Malmö University

431. Impact Engagements: Mapping the uneven consequences of AI with impacted communities 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 340-341

432. Innovation & Healthcare: Living labs, inclusive innovation, and standards

Panel

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Redwood A

Participants:

The Mediating Role of Smart Healthcare Living Labs in Knowledge Transfer *ShihHsin Chen, National Yang Ming Chiao Tung University; Yi-Min Wang; Hung-Chi Chang, National YangMing ChiaoTung University*

Evaluating Inclusive Innovation in the Development and Application of Smart Technologies in Gerontological Nursing *Wen-Hsin Chi; Natasha Krishna Tiangco; ShihHsin Chen, National Yang Ming Chiao Tung University*

Inclusive innovation emerging in biomedical engineering: Three case studies *Rider Foley; Wen-Hsin Chi*

Discussant:

Mareike Smolka, Wageningen University & Research

Chair:

Rider Foley

"Give me a Patch and I will Create a Market": The Pharmaceuticalization of Tic Disorders in China
Yanze Yu, Columbia University

Insomniacs in Uruguay: imagining possible care arrangements *Andrea Bielli, Universidad de la República; Lauren Predebon, Universidad de la República; Cristina Misa Knuth, Facultad de Psicología, Udelar.; Virginia Rodríguez Otero, Universidad de la República*

Between Care and Controversy: Public Attitudes Towards Psychedelic-Assisted Therapy in Three Countries *Torsten Voigt, RWTH Aachen University*

(Un)Caring Infrastructures: rethinking urban spaces for children's care and well-being *Sebastian Rojas Navarro, Universidad Andres Bello; Samanta Alarcon-Arcos, Pontificia Universidad Catolica de Chile*

Discussant:

Angela Filipe, Durham University

Panel Organizer:

Talia Fried, Ben Gurion University

Panel co-organizer:

Sebastian Rojas Navarro, Universidad Andres Bello

433. mpowering Technoscience: Ways of Learning and Making Knowledges in STS Higher Education 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 330

Participants:

Comparative Pedagogical Epistemologies in European Technical Universities *Monamie Haines, Virginia Tech; Corinna Voll, Technical University of Denmark*

A sensitive medium: notes on teaching STS through cinema *Pablo Celis, Universidad del Desarrollo*

Integrating Socio-Scientific Issues in Chemistry Training: The case of "Química Transformadora" *Martin Perez Comisso, Universidad de Chile; Raymundo Donoso, Universidad de Chile; Domingo Muñoz, Universidad de Chile*

Public Interest Technology (PIT) Storytelling as an Experimental Pedagogical Intervention in STEM Capstone Research *Shannon Conley, James Madison University; Emily York, James Madison University; Tolu Odumosu, Morgan State University; Nadine Plachta, James Madison University*

Panel Organizer:

Martin Perez Comisso, Universidad de Chile

435. New Alliances between EduTech and Politics Defining the Field of Education in Digital Societies 1

Panel

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Juniper

Participants:

AI-textbook in South Korea: a true classroom revolution?
Saemi Jung, Simon Fraser University

Tinkering Labs and STEM Education in India: New Paradigm of Learning and Skill Development *Modho Govind, Centre for Studies in Science Policy*

Designing Future Schools: Navigating Conflicting Desires for Community and Efficiency through Digital Technologies *Anne Jonas, University of Michigan - Flint; Jean Hardy, Michigan State University*

Learning with Digital Games: The Relationship Between Civic Education Games and Voting Behavior *Elif Memis, York University*

Panel Organizer:

Jana Heinz, Hochschule München, University of Applied Sciences Munich

Panel co-organizer:

Christian Morgner, Sheffield University

Manuel Bruns, TUM, Technical University of Munich

434. Neuromedical Configurations: Thinking Through Possibilities of Care, Neglect, and Solidarity 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 331

Participants:

436. New materialisms

Panel

10:40 to 12:30 PM

Summit (Convention Center): 323

Quantum Technology, Global Power Politics, and the
Social Construction of Technological Dominance
Raghvendra Singh Yadav, IIT Indore; Swati Kumari,
Radboud University Nijmegen Netherlands

Anthropogenic Life Forms and New Forms of Biological
Labor in the Anthropocene *Céline Lafontaine,*
University Of Montreal; Elisabeth Abergel, Université
du Québec à Montréal

"Can the Body Speak? The Politics of Biological
Agentialism" *Jovana Iseviski, UC Riverside*

**437. Nuclear Reverberations: Storying Atomic Technologies
(from Hope to Despair and Back) 1**

Panel

10:40 to 12:30 PM

Summit (Convention Center): 344

Participants:

"The Truth Lies in Our Own Bodies": Community
Organizing and Collaborative Epidemiology in the
Hanford Plumes *Sarah Fox*

The Reverberations of Nuclear Wasting *Shampa Biswas,*
Whitman College

Red Dust: The Mundane Spectacular in Cancer Etiologies
Emily Yates-Doerr, Oregon State University

Women of Nuclear *Elana Resnick, University of*
California, Santa Barbara

"All This You Can Have If Falling Down You Will Adore
Me": Religious Narratives and Protest at the Nevada
Test Site *Celia Oney, Oregon State University*

Discussant:

Shannon Cram, University of Washington Bothell

Panel Organizer:

Emily Yates-Doerr, Oregon State University

Panel co-organizer:

Denia Djokic, University of Michigan - Ann Arbor

Linda Richards, Oregon State University

Panel Organizer:

Lukey Ellsberg, Yale University

**439. Power, Responsibility and Expertise at the Expanding
Table(s) of AI Design and Governance 2**

Panel

10:40 to 12:30 PM

Summit (Convention Center): 343

Participants:

Epistemic Authority in AI Fact-Checking: A Human and
Data Centric Perspective *Devansh Bhojak, Simon*
Fraser University; Nicholas Vincent, Simon Fraser
University

Democratic Reverberations and Digital Governance:
Innovation and AI Regulation in the Brazilian Justice
System *Sara Munhoz, UNICAMP*

Expertise and Agency: The Case of the Responsible AI
Lab in Ghana *Cheryl Hagan, University of*
Pennsylvania

Locating data work at the peripheries of Responsible AI
Srravya Chandhiramowuli, University of Edinburgh;
Alex Taylor, University of Edinburgh; Hemangini
Gupta, University of Edinburgh; Sara Heitlinger, City,
University of London; Ding Wang, TASC - Research

440. Reclaiming the Future of Work: Knowledge Politics

Panel

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Grand Ballroom A

Participants:

Bridging the Human-AI Gap at Whose Cost? Skill and Organizational Alignment in Data Annotation Work
Tongyu Wu, Zhejiang University

When Algorithmic Management Was New: The History and Future of 'Engineered Standards' in Australian Logistics
Christopher O'Neill, Deakin University; Lauren Kelly, RMIT University

The Power of Worker Voice: Responding to Social & Technological Change in the Workplace
Natalia Luka, University of California, Berkeley

AI, creativity, and the creator economy: How social media platforms narrate the future of cultural production
Jeehyun Jenny Lee, University of Illinois at Chicago

Balancing Innovation and Connection: The Role of Technology in Shaping Healthcare Team Communication Cultures
Clare Whitney, Stony Brook University; Hana Mucevic, Stony Brook University; Heidi Preis, Stony Brook University; Xia Zheng, Stony Brook University; Elizabeth Bojsza, Stony Brook University; Susmita Pati, Stony Brook University

Panel Organizer:

Joy Ming, Cornell University

Panel co-organizer:

Kim Fernandes, University of Toronto

EunJeong Cheon, Syracuse University

Rosemary Steup, Lehigh University

Lucy Pei, University of California Irvine

441. Reverberations of American mythology critiques on emerging technology research practices 1

Panel

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Cedar B

Participants:

Space Exploration Memorials as Sites of Information Science Education
Jordan Bimm, University of Chicago; Eleanor Armstrong

The State of Nature: A brief discussion on collections at the California Academy of Sciences
Julia Alves da Costa, Johns Hopkins University

Research participants as 'pioneers'? Exploring changing rhetoric in neurotechnology research
Andrew Brown, University of Washington; Sara Goering, University of Washington; Eran Klein, Oregon Health & Science University, Neurology

Panel Organizer:

Andrew Brown, University of Washington

Panel co-organizer:

Sara Goering, University of Washington

442. Reverberations of Natural in Reproductive Health Discourse 2: After

Panel

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Cedar A

Participants:

IVF and "Compassionate Transfer": The Body as a Natural Site of Embryo Death
Manon Lefevre, University of Pennsylvania

Side Effects: Abortion, Science Communication, and Science Fiction in "The CRISPR Cookbook"
Cole McMullen, University of Washington

Singing the Postpartum Blues
Jennifer Malkowski, California State University, Chico

"We Deserve to Have Our Bodies Repaired": "Mommy Makeovers" and the Pathologized Postpartum Body
Maya Vasdani

Panel Organizer:

Colleen Derkatch, Toronto Metropolitan University

443. Revisiting Biomedicalization: Toward a Technology-Focused Approach - Session 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 335

Participants:

Navigating Digital and Human Connections in a Rural Community Information Exchange
Katherine Weatherford Darling, University of Maine

The End of Trans Health?: Biomedicalization and the Criminalization of Care
Christoph Hanssmann, UC Davis

The social origins of electronic health records and data analytics in United States medical systems, 1979-2015
Taylor Cruz, Northeastern University

Chair:

Alka Menon, Yale University

444. Roundtable for Sandra Harding

Roundtable

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Grand Ballroom B

445. Science in Commission: Knowledge, Expertise, and Power in Public Inquiry and Decision-Making 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 337

Participants:

Reverberating Latin American democracies. Mobilizing activism and expertise in regulating cannabis uses in Argentina *Josefina Moya, Universidad Nacional de San Martín (UNSAM); Gabriela Bortz, Universidad Nacional de San Martín / CONICET*
The Politics of AI Governance in South Korea: The Lee Luda Chatbot Scandal as a Case Study *Jiwon Oh, University of Illinois Urbana-Champaign*
National Artificial Intelligence Committee vs. Nudify Bots, the Limits of Authorizing Knowledge *June Yeoreum Kim, New York University*

Chair:

Kiheung Kim, Pohang University of Science and Technology

Panel Organizer:

Chihyung Jeon, KAIST

446. Science, Technology, and Innovation Policies for the attainment of the Sustainable Development Goals 2

Panel

10:40 to 12:30 PM

Sheraton Grand, Space Tower,
Second Floor: Willow B

Participants:

Sustainable battery recycling system, challenges and way forward in India *sanoj kumar, Jawaharlal Nehru University, New Delhi*
Finance of promoting the transformation of technology into an enterprise is a recyclable financial chain *Xiyi Li, Chinese Academy of Science and Technology for Development; Rong Guo, Chinese Academy of Science and Technology for Development; Changhui Shi, Chinese Academy of Science and Technology for Development*
Decentralizing Digitalization: An Ethnography of Digital Development Policy for SMEs in Chile *Adrian Wong, Pontificia Universidad de Católica Valparaíso / University of Illinois Urbana Champaign*

Panel Organizer:

Emmanuel Ejim-Eze, National Centre for Technology Management

447. Sex and Gender in Primate Worlds 2

Panel

10:40 to 12:30 PM

Sheraton Grand Seattle, Space Tower
First Floor: Diamond B

Participants:

Disrupting the Whiteness Primate *Quinn Georgic, Rice University*
Primate Re/Visions: Field schools and the re/making of modern primatologists *K.T. Hanson, The University of Texas at San Antonio*
"Hybrid Primatology: Purity and Knowledge in the Anthropocene" *Lilith Frakes, University of California Santa Cruz*

Panel Organizer:

Bri Matusovsky, UCSF-UC Berkeley Medical Anthropology

Panel co-organizer:

Catherine Mas, Florida International University

Brigid Prial, University of Pennsylvania

448. Sound Ethics: Examining Trustworthiness in Voice Data for Medical AI 1

Panel

10:40 to 12:30 PM

Sheraton Grand Seattle, Union Street Tower
Fourth Floor: University

Participants:

Pneuma Dilemma - A Speculative Game-Based Approach to Responsible Design of Voice-Based Medical AI *Michaela Pnacekova, Simon Fraser University; Gavin Victor, Simon Fraser University*
What matters most?: A voice amplified interactive card-sorting activity *Marie-Françoise Malo, Simon Fraser University; Hortense Gallois, Simon Fraser University; Jean-Christophe Bélisle-Pipon, Simon Fraser University; Vardit Ravitsky, The Hastings Center*
AI Scribes: Voicing Care *Ben Wills, UC San Diego*

Panel Organizer:

Jean-Christophe Bélisle-Pipon, Simon Fraser University

Panel co-organizer:

Marie-Françoise Malo, Simon Fraser University

Maria Powell, Vanderbilt University Medical Center

Vardit Ravitsky, The Hastings Center

Hortense Gallois, Simon Fraser University

Yael Bensoussan, University of South Florida

449. STSE (science, technology, society, environment/ecology): Programme, Methodology, and Case Studies 2

Panel

10:40 to 12:30 PM

Summit (Convention Center): 342

Participants:

A Study and Comparison of Two STSEs *Yaping Pan, Southern University of Science and Technology*
A Case Study on Action-Construction Factors of Adolescents' Environmental Literacy from the STSE Perspective *Yiyu Liu, South China Normal University*

Please click link to [SUBMIT REQUEST FOR CORRECTIONS](#) before July 1, 2025

SATURDAY, SEPTEMBER, 6

The Reshaping of Science Communication: Narrative Structure and Critical Perspective under the STSE Framework *Meiling Zhang, Hangzhou Dianzi University*
Growth, Environment and Technoscience: The case of a copper mine in Touro, Spain *Javier de Rivera, Universidade de Vigo*
The Value of Electronic Health Technology *Ming Li*

Panel Organizer:

Song Tian, Southern University of Science and Technology

Yaping Pan, Southern University of Science and Technology

450. Temporalities of bodies, technologies and their entanglements in the experiences of disability and/or chronic illness 3: What is good technological care ?

Panel

10:40 to 12:30 PM

Summit (Convention Center): 321

Participants:

Fertility Futures: Negotiating "Good" Care for Female Cancer Patients *Hai Ri (Sophia) Jeon, Cornell University*

Therapeutic value in the time of digital brainwaves *Megh Marathe, Michigan State University*

Care and Alertness: Using GPS Tracking and Exit Alarms in Dementia Care *Astrid Meyer, Aarhus University; Anders Albrechtslund, Aarhus University; Stinne Ballegaard, VIVE (The Danish Center for Social Science Research)*

When is enough, enough? Navigating temporal tensions at the boundaries of dying *Amalie Hauge, V*

Chair:

Lucie Dalibert, University Claude Bernard Lyon 1

Session Organizer:

Valentine Gourinat, Strasbourg University

Panel Organizer:

Lucie Dalibert, University Claude Bernard Lyon 1

Panel co-organizer:

Paul-Fabien Groud, University Lumière Lyon 2

Helma Korzybska, University Claude Bernard Lyon 1

Agathe Camus, University Claude Bernard Lyon 1

451. The Body/Self Beyond Boundaries

Panel

10:40 to 12:30 PM

Sheraton Grand Seattle, Union Street Tower

Fourth Floor: Jefferson B

Participants:

Preconception Health Policy in England: Gender, Responsibility, and the Politics of the Porous Body *Merissa Elizabeth Hickman, University of Leicester; Nicola Mackintosh, University of Leicester; Natalie Armstrong, City St George's, University of London*

Biomedical Individualization and the Challenge of Sexuality: Reflections from research on cervical cancer prevention *Kelly Mulvaney, University of Chicago*

'The fuel that feeds the flames': Tracing (anti)-inflammatory discourse in the (re)making of Alzheimer's disease *Julia Swallow, University of Sheffield*

The Problem of Absorptive Body: Rethinking the Question of Body's Boundaries in Eating Disorders and Disordered Eating *Jieun Lee, Yonsei University*

Bodies, environments, and biomedicine in process: caring for metabolic-associated liver disease *Rebecca Lynch, University of Exeter*

Discussant:

Julia Swallow, University of Sheffield

Chair:

Jieun Kim, University of Leeds

Panel Organizer:

Jieun Kim, University of Leeds

Panel co-organizer:

Julia Swallow, University of Sheffield

452. The End of Purity: Cleanups and Contaminations in the Anthropocene II (Technologies)

Panel

10:40 to 12:30 PM

Sheraton Grand Seattle, Union Street Tower

Fourth Floor: Jefferson A

Participants:

Thermal Engineering and the Comfort Zone of Computation *Jiaqi Wen, Simon Fraser University*

Unraveling power dynamics of im/purities from bodies to the environment: The case of reusable menstrual products *Malissa Shaw, University of Health Sciences & Pharmacy in St. Louis*

Chemical Cleansing: Herbicides and the Aesthetics of Purity *Laura Martin, Williams College*

Cleaning a Dark Matter Detector *Jaco de Swart, Massachusetts Institute of Technology*

A curious case of the polluting purifier: Exploring the controversy of Reverse Osmosis Water purifiers in urban India *Amitangshu Acharya, IHE Delft Institute for Water Education*

Panel Organizer:

Jaco de Swart, Massachusetts Institute of Technology

Sebastian Fernandez-Mulligan, Yale University

453. The Rise of Research Security 1

Panel

10:40 to 12:30 PM
